NUMBER 32

LEE HIGHWAY HEAD O. K.'S BRIDGE PLAN

Approval Is Given Franchise
Granted to Wichita Falls Men
for Construction of Bridge
Across Red River Between
Oklaunion and Davidson.

The terms of the franchise granted by Tillman County Commissioners to J. A. and J. L. Staley of Wichita Falls for the construction of a toll bridge across Red River on Lee highway between Oklaunion and Davidson have been approved by Dr. S. M. Johnson, director general of Lee Highway Association, according to messages received from the Association offices in Washington Saturday.

This practically assures the construction of the bridge, it now only remains for the bridge plans to be approved by engineers representing the Highway Departments of Texas and Oklahoma in order to get work actually started. This is considered only a matter of detail, as the type of bridge that would be approved has already been gone over with the two departments and it is not expected that there will be any delay in securing the approval of the engineers of the two states.

The franchise which has been approved provides for a grant of 49 years, with a provision that the bridge may be taken over by the two counties or the two states, as provided by law for acquiring private property for public use. In other words, when the two counties or the two states elect to do so they can acquire the bridge at an appraised value and make it a free bridge. This is the ultimate aim of the parties interested in the project.

The construction of the bridge is expected to begin within a short time and it is hoped to have it completed and opened for traffic by Fall of this year. Chambers of Commerce at Frederick and Vernon and others interested in Lee highway have been working on a bridge across Red River for the past three years and it was only at a conference held here in March that a tentative agreement was reached providing for the actual construction of the bridge.

District Court Will End Session Here This Week

Very little business remains on the docket to be brought before the district court in its sixth and last week of the session here. The jury has been dismissed and only a few appearance cases are scheduled for the remainder of the session.

Cases set are: C. D. Shamburger vs. A. F. Ivey et al., April 29; Texas Farm Bureau Cotton Association vs. C. E. Rallsback, April 30; A. P. Peck vs. Farmers State Bank, April 28.

In the case of Henry Rogers vs. the South Vernon Oil Company and W. O. Anderson and S. A. Castlebury, a motion has been filed by the defendants asking that Luther Webb, W. H. Huggins, L. G. Hawkins and the T. H. Shive estate also be made defendants. The plaintiff's petition alleges that certain shares of the capital stock of the Company were improperly issued to the defendants, Anderson and Castlebury, and asks that these shares be cancelled and returned to the treasury and that amounts paid by defendants for such stock be returned to them.

ELKS PLAN ATHLETIC PROGRAM FOR TUESDAY

A special entertainment has been planned for members of the Elks Lodge on the evening of Tuesday, May 5. A varied program of boxing and wrestling has been worked out. As a headliner, Clint Castleberry who has been showing up well in practice bouts with Wildcat Montie, will meet Doug Lawson of Rayland in a four-round slugfest. Arrangements have been made for a three-round preliminary.

A heavyweight wrestling match is also on the card for that night. Roy Nokes and wrestler Evans will go five rounds.

Refreshments will be served.

Mrs. Rhoads Improving.
Mrs. Emory Rhoads is recovering from an operation performed at a local hospital, Thursday afternoon. Her condition is satisfactory.

New Bantamweight Champion

CHARLIE ROSENBERG AND HIS MOTHER.
Charlie Phil Rosenberg, new world's bantamweight champion, is pictured sitting on his widowed mother's lap, telling her how he defeated Eddie "Cannonball" Martin, in New York, for the championship.

HIGH TO HAVE ENGLISH WEEK

MOST COMMON MISTAKES
TO BE STRESSED DURING
WEEK IN MAY.

From May 4-8 a "Good English" campaign will be waged at the High School in an effort to show the students the most common errors made in their daily speech. Several chapel addresses by faculty members and other recognized grammarians will feature the week.

Faculty members will endeavor to designate the fifteen most common errors of the students, and the correction of these faults will be especially stressed during the week. A series of articles will be written for the press by the faculty members. Posters will be made illustrating the ways of avoiding the common errors. A short program will be given on the subject sometime during the week, according to W. T. Lofland, superintendent.

Mr. Lofland asks that people of the town cooperate with the faculty in this campaign, and attempt to correct the errors commonly made. The week should be made one of self-examination, according to Mr. Lofland, as only by self-examination can one locate one's own faults.

O. L. Browning To Be Buried at Tolbert Today

Oscar L. Browning, 36, of Southeast Vernon, died yesterday morning at his home in Vernon after a week's illness of pneumonia. Funeral services will be held this afternoon at 2:30 o'clock at the Tolbert Baptist church by Rev. W. W. Adams, pastor of the church, of which he was a member. Interment will take place in Tolbert cemetery.

Mr. Browning has been living here for six years and moved to Vernon from Tolbert. He is survived by his wife and four children, three daughters, Naomi, Mildred and Audrey, and a son, O. L. Jr. His mother, Mrs. P. M. Browning of Dallas, and six brothers, Judge W. of Ryan, Okla.; Ernest, of Memphis; Homer, of Elberta, and Bennie, Clarence and Boyd of Dallas.

L. C. HOOPER SETS NEW RECORD FOR LOCAL GOLF

A new low score record for local golfers was made on the Hill Crest course Sunday afternoon by L. C. Hooper, sales manager of the Kell Milling Company, when he shot the nine holes in 36, one above par. The previous record among local golfers was held by R. B. Gibson, cashier of the Farmers State Bank, who made the round in 37 last summer, soon after the course was changed from six to nine holes.

Mr. Hooper had started on his second round in an effort to hang up a new eighteen-hole record when the storm stopped play. His card for the first nine follows:
Par 534 444 344-35
Hooper 635 435 334-36

JOHN BROWN TO ERECT BUILDING

MODERN STRUCTURE WILL
BE ERECTED ON NORTH
MAIN STREET

John Brown, owner of Brown's Cash Grocery, will erect a one-story modern brick store building at the southeast corner of Main and Wanderers Street. Excavation has already been started for some of the equipment to be used in connection with a cooling plant for storing fresh fruits and vegetables. The contract for the building has not been let, but Mr. Brown expects to let it within the next few days.

The building will be 30 by 110 feet, covering the entire lot. It will have a modern store front with spacious show windows and modern faced brick will be used for the west and north walls. Inside the building will be a deck for office space, ladies' rest room and other modern store conveniences.

It is Mr. Brown's plan to have the building ready for occupancy within the next ninety days and to move his grocery business from its present location in the Anderson building, between Olive and Texas streets on Main, to the new building as soon as it is completed. The cost of the new building will probably exceed \$7,500.

Vernon Band To Play at Doans Annual Picnic

Music for the annual Doans May Picnic will be furnished by the Vernon Concert band, according to announcement of the entertainment committee. The picnic is held annually in the Watts' woods on Red River, in the north part of the county and the place is known far and wide as "the picnic grounds." The first picnic was held here in 1884. In 1885, the few folks living at Doans decided to picnic on North Fork in Oklahoma, where they celebrated with a fish-fry.

Every afterwards it has been an annual affair and this year marks the 41st anniversary. Not only do people flock there from Wilbarger county, but folks for miles around in other counties arrive early and spend the day there. Just over the border in Oklahoma, folks are watching to see whether Red River will be on a rampage that day, for they come in droves from over there. Before bridges were built near by the inhabitants of the "Sooner" state waded or came horseback, when they couldn't ford the turbulent stream in wagons and buggies. Now they can cross at the Inver-State bridge near Odell. The weather man is predicting fair weather for Saturday.

Bill Coffey Is Here.
Bill Coffey, manager of a Piggy-Wiggly store at Chickasha, Okla., is here this week on business. He is assisting his father, F. P. Coffey, in the store while Delbert Webb is at the bedside of his father, who is very ill in Oklahoma.

PRESENT STAFF TO TEACH HERE ANOTHER YEAR

Board Elects All Old Faculty
Members Applying Without
Dissenting Vote--Salaries Are
Raised in Several Instances
--Various Grade Teachers.

At the second meeting of the new School Board held Friday night, all members of the present faculties of the various schools who had made application for re-election were elected unanimously. Several were granted raises in salary. Only a few vacancies remain in any of the faculties and these will be filled as early as possible, according to W. N. Martin, secretary of the Board.

High School teachers who were re-elected Friday are: Misses Margaret Alexander, Izora Clark, Lorena Friend, Edith Williams, Winnie Porterfield, Catherine Chapman, Effie Harmon, Thelma Lackwood, Sarah McGill, and Mrs. Della Houssels.

O. Fulton, Ethel Farrell, F. E. Matheus, Violet Berkeley, J. C. Broski, F. W. Robinson was re-elected teacher of the negro school.

THREE CRASHES OVER WEEK-END

SEVERAL PEOPLE NARROWLY
ESCAPE SERIOUS INJURY IN COLLISIONS.

Three car crashes, all of which barely escaped being serious, occurred in Vernon during the week-end. As a result of an accident which occurred on the corner of Wilbarger and Nabers Saturday night, Mrs. H. A. Connor, principal of the Shive School, is suffering from painful bruises about the head and shoulders. Doctors have pronounced her out of danger.

The car in which Mr. and Mrs. Connor were riding collided with a car occupied by Gus Krause and wife of Condon Springs. Mrs. Connor was thrown free of the car, striking on the pavement on her head and shoulders. The Krause car was completely overturned, pinning both occupants under it. When rescuers arrived the wheels of the car were spinning in the air, and Mrs. Krause was struggling to free herself and wife. Mrs. Krause was slightly injured.

Another accident occurred on East Wilbarger at about the same time. According to officers who hurried to the scene, a woman from Electra attempted to drive around one car and met another one. Officers were unable to learn any of the details of the accident. The car driven by the injured woman was demolished.

The third accident occurred Monday when the delivery truck of the Massie-Vernon Grocery company, driven by Buster Mason, crashed into a car driven by C. R. Thomas of 2505 Wilbarger street. Mr. Thomas' car was upset, and he was pinned under it, but escaped injury.

CLOTHING SPECIALIST MEETS WOMEN'S CLUBS

Mrs. Dora R. Barnes, clothing specialist of A. & M., and Miss Emma Gunter, met with the Oklahoma Women's Club Wednesday afternoon. A very interesting and profitable meeting was held. On account of the severe sand storm raging at that time the attendance was small. On Tuesday morning Mrs. Barnes and Miss Gunter met with the Elliott women's club. Mrs. Barnes discussed line, color and design in clothing from the viewpoint of a stout body. Valuable information was given in dyeing and other clothing problems. Quality meet-ings were held regardless of unfavorable weather.

It is probable that Mrs. Barnes will return this fall.

THIRD ANNUAL FOOD SHOW NEXT WEEK

Presbyterian Women and Local
Merchants to Give Show on
North Main Street--Special
Program Arranged--To Have
Baby Show.

The Pure Food Show, given annually by the women of the Presbyterian church, will be held this year in the Bennett building on North Main street and the dates are May 6 to 9.

The show as its name implies is primarily a pure food show where wholesale and retail merchants, both display food of every description and the local women give demonstrations of the wares exhibited by the firms. Booths are spoken for months before the event and there is not enough floor space to accommodate all firms, who would like to secure space.

Not the least by any means, is the beautiful fancy work and home cooking offered for sale by the women of the church. An old fashioned store in which a miscellaneous assortment of general merchandise is shown and sold, is one of the features.

A baby show every afternoon of the four days draws a big crowd and the "brightest, best and most beautiful baby" of both sexes, is brought by fond parents to win the prize. The ages range from one month to three years.

The first day the tiny ones from one month to six months old will compete for prizes, the next day, from six months to one year; third day, one year to two years; and the last day two to three years.

A special program has been arranged for each night. Wednesday night, the Kitchen Utensils Orchestra will play. The orchestra is composed of women and the musical utensils are concealed in the various housekeeping working tools. Selections consisting of old familiar airs will be played. Thursday night, the Presbyterian Sunday school orchestra has charge of the program. Friday night, a clever play, "Hamlet Oh Hamlet Where Have You Been," will be staged and Saturday night the Musicians' club, always a favorite, will give a program.

The booths will be decorated and each year the merchants vie with each other trying to see who will have the most attractively arranged booths.

Wilbarger County Visited by Rains Sunday Evening

Rain, varying from a half to more than an inch in different localities, fell in Wilbarger County Sunday afternoon. The amount of the fall in Vernon was .62 inches, making nearly two and a half inches within a week. The rain was preceded by a sandstorm and strong wind, which did some damage in several localities. Derricks and some stacks in the oil field were damaged to some extent, but no serious property losses have been reported.

The rains of the past week have given a good season for planting spring crops. One feature of the precipitation that is regarded as favorable is that practically all of West Texas was covered. Until last week, all the rains in this section for the past eight months had been local and did very little good.

Sheriff Returns With Man.
Sheriff W. Frank Edmonson returned from Venice, Calif., Sunday morning with Henry Schutte, former contractor of this city, who was indicted in this county some time ago charged with moving mortgaged property. The prisoner has not made bond.

Latest Garter

The photo shows Miss Lorraine Eason, of Los Angeles, displaying the latest thing in garters, the Garterola Super-Kneelyne, and it plays. Among its many advantages, Miss Eason says, is that if she wants to do a fox trot while the orchestra is playing a waltz, she may do so by tuning in on one of the numerous stations.

AID IS SOUGHT ON LOCAL ROAD

PARTY HEADED BY COUNTY
JUDGE TO APPEAR BEFORE
STATE HIGHWAY BODY.

Judge James V. Townsend, A. M. Bourland, County Commissioner, and John B. Nabers, County Engineer, left Sunday for Austin to appear before the State Highway Commission with reference to road projects in this county. One of the matters to be taken up by the local men with the Department is to obtain state aid on the grading and construction of drainage structures on Lee highway between Oklaunion and the bridge to be constructed on Red River.

The Commissioners have already made an agreement with the owners of the bridge to open up and maintain a good dirt road from Oklaunion to the bridge and it is hoped that the Highway Commission will assist in paying for grading and drainage structures, pending the settlement of the law suit which is holding up the bond issue voted for paving of this road along with the pavement of the Colorado-Gulf highway between Oklaunion and Harold.

Another matter to be taken up with the Department by the local officials is the approval of the routing of Lee highway west to the county line. The Department will also be asked to place the road between Vernon and Lake Kemp in its state highway system. It is planned to run this designation, in use it is granted by way of the South Vernon oil field, in order that his important road may be subject to participation in state aid funds in the event the people vote bonds to take care of the County's share of the expense of improving it.

There has been considerable agitation recently for a predict bond issue to pave the road to the oil field and to pave Lee highway west to the Board County line.

Adjutant General To Speak Here on Memorial Day

In a message received yesterday by the local post of the American Legion, Adjutant General Mark McGee announced his acceptance of the invitation extended him to speak at the Memorial day services to be held here on Sunday, May 24, according to Judge J. V. Leak, recently installed Commander of the Albert E. Robinson camp.

General McGee will make his Memorial address at the Presbyterian church. Special patriotic music will be furnished by the Presbyterian choir.

Final plans for the Memorial day services will be discussed at the regular Legion meeting at the court house on the evening of May 4. Judge Leak urges that all members of the post be present.

Mrs. Hancock Recovering.
Mrs. Clint Hancock, who has been critically ill following an operation, is said to be considerably improved. Though very ill yet, it is believed now that she will entirely recover.

LOCKETT GETS THIRD BANQUET OF C. C. SERIES

Get-Together Session by Vernon
Business Men Will Be Held
Tonight in Prosperous Section
Lying Southwest of
Town.

The third of the series of farmer-business men's banquets held for the betterment of relations between farmers and business men of this city and for the extension of the Vernon trade territory, will be held in Lockett Tuesday evening at 8 o'clock under the auspices of the local Chamber of Commerce. An interesting program has been prepared under the direction of M. C. Culbertson, toastmaster.

Miss Emma Gunter, home demonstration agent, and the women's club of Lockett have charge of the banquet, and those who have attended events of this kind before where Miss Gunter had charge need no further explanation in regard to the banquet.

R. M. Fielder, secretary of the local Chamber of Commerce, states that this banquet will be more on the order of an informal get-together between the business men of Vernon and the farmers of the Lockett section, much the same as the similar banquet which was held at Elberta a month ago. Farmers and business men will be given a chance to get acquainted and learn something of each other, according to Mr. Fielder. He asks that the business men of Vernon make a special effort to attend this meeting.

Sixty farmers have been invited and Mr. Fielder has expressed the desire that at least this many business men from Vernon attend.

Each business man will pay for his own and one farmer's plate.

The Vernon delegation will meet at the Chamber of Commerce offices at 7 o'clock, and will go in cars from there.

Musicians Are To Stage Grand Concert Friday

The Musicians' club is expecting a big audience to greet the Grand concert, which will be given Friday night at the High school auditorium. The program will commence promptly at 8:30 o'clock and an admission of fifty and twenty-five cents will be charged.

The entertainment is being staged by the best local talent and quite a treat has been promised those who attend. Especially good is the clever operetta "Muffs" sung by Miss Georgia Castlebury, Mrs. R. M. Fielder and Messrs. Tom Lisman and S. E. Henderson.

The following is the program:
a. "Texas My Texas." Song awarded \$1,000 by ex-Governor Pat M. Neff.

b. "Columbia" Club.

Piano trio--Mesdames Leon H. Brown, Cy Long and Miss Georgia Castlebury.

Chorus--High School boys.

Reading--Miss Annah Jo Pendleton.

Chorus--Glee Club.

Character quartet--"Muffs," Miss Georgia Castlebury, Mrs. R. M. Fielder, Messrs. Tom Lisman and S. E. Henderson.

Violin Trio--Mesdames R. S. McCollie, John Brown and Miss Verna Luckie.

Reading--Mrs. Leon Brown.

Chorus: (a) "Santa Lucia," (b) "Tumoresque," (c) "Barcarolle," "Club."

Scenes from Spain, Holland and Dixie Land--High school boys and girls.

"Opera."
Mesdames O. T. Gilmore, Y. H. Babashin, Messrs. R. M. Fielder and W. W. Cook.

Reading--Mrs. Robert Lutz.

The "Hallelujah Chorus," from "The Messiah"--Club.

Goes to San Antonio.
R. H. Smith, manager of the Vernon Electric and Ice company, left Sunday for San Antonio on business with the general office of the Morrison & McCall interests, owners of the local property.

L. G. Hawkins Improving.
L. G. Hawkins is improving slowly and he expects to be able to return home soon, according to a letter received here this week by local friends. He has been under care of physicians in Long Beach, Calif., for some time in the hope of improving his hearing.

DRILLING HELD UP BY RAINS IN LOCAL FIELD

Flooded Condition of Beaver
Creek Puts Pumping Station
Temporarily Out of Commis-
sion and no New Wells Are
Reported Over Week-End.

Rains during the week-end seriously curtailed drilling operations in the Wilbarger pools. Many rigs have shut down. Beaver creek is out of its bounds and the Waggoner pumping plant which most of the rigs were using as a watering station is almost submerged. No completions were reported.

Gulf Production company's No. 1 Zipperle on the northwest corner of the southwest quarter of section 80, block 14, H. & T. C. surveys, has picked up a sand below the 1700-foot level.

Atlantic Oil Producing company's No. 1 Zipperle on the southwest corner of their forty acres on section 80, block 14, is drilling below a last reported depth of 1950 feet. No. 3 on the same lease, brought in last week, still has a good flow of oil, but some water is mixed with it. No. 4 on the same lease is down below 850 feet.

McCamy-Sheerin-Lucey No. 12 and 17 Stephens, on section 83, block 14, are fishing. No. 12 at 1200 feet, and No. 17 at 1025.

McCamy-Sheerin-Lucey No. 16 Stephens on section 83, block 14, is drilling at 1500 feet. No. 7 Richardson is drilling at 1150.

Burton-Ruff Empire have picked up a sand at 1731 feet in No. 1 Waggoner on the southeast forty of the southeast quarter of section 49, block 14, and are reaming pipe down to the sand.

Castlebury Farm Oil Company No. 7 Castlebury, which was brought in with a 60-barrel production last week, has improved and is now making 200 barrels.

Panhandle Refining company's wildcat on section 49, block 12, north of Vernon, is receiving a good play. The well is drilling at 940 feet.

Operations have been shut down on the Rosenfield-Schoonmaker well on section 29, J. Pointeview Survey, but it is reported that the well has not been finally abandoned.

Local Arena To Be Opened With Good Bouts Tomorrow

Wildcat Montie of Amarillo, who is to meet Dick Bowers here tomorrow night in the arena at the corner of Texas and Mesquite streets is training hard for the battle. He has been going eight and ten rounds daily with local boys as sparring partners. He allows his opponents to alternate rounds that they may be as fast as possible all times. The little fellow never seems to tire himself.

He is in the pink of condition and confident of victory. Bowers will be put to one of the hardest tests of his career when he meets the Amarillo slugger. This is evidenced by the lad's previous records in the ring. In three mixups with each other, each has won a decision, and the third was a draw.

However, fight fans in Vernon are of the opinion that Dick Bowers can hold his own with the Amarillo wildcat. Since Bowers defeated Frankie Iraque of Los Angeles, former feather-weight champion of the coast, there has been little doubt as to his ability as a fighter.

Bowers was scheduled to arrive in Vernon Sunday from Breckenridge where he has been in training, but he has not put in appearance yet. He is expected today.

Tabby Levine of Wichita Falls shows class in his work with Wildcat Montie, and fans who have been watching him predict heavy going for Young Sutherland tomorrow night in the semi-finals.

Clint Castleberry, a local lad, has been showing up good in the work-outs this week. With training it is likely that he would make any of the boxers here earn their money.

LOCAL PASTOR RETURNS FROM NASHVILLE MEETING

Rev. C. A. Rieckley, pastor of the First Methodist Church, returned home Saturday from Nashville, Tenn., where he attended the meeting of the General Sunday School Board of the Methodist Episcopal Church, South, Wednesday and Thursday. Rev. Rieckley is one of the two members of this Board from Texas.

"Sporting Venus" On at Pictorium For 2 Days Run

"The Sporting Venus" here tomorrow and Thursday is an exceptionally good play. One of the unusual features of "The Sporting Venus" is that it is laid in four countries, and in order to make it, the intrepid Neilan took his company abroad and filmed the scenes on the exact locations. The result is, that aside from story and aetorial values, "The Sporting Venus" presents authentic backgrounds that in themselves make the picture worth seeing.

Miss Sweet appears as Lady Gwendolyn Grayle, who is loved by Donald McAllen, a poor young Scotchman studying to be a physician. The difference in their stations makes it impossible for him to speak his love. Lady Gwendolyn's father invites Prince Carlos of Portugal to his home, and the prince, faced with

the possibility of having to marry a silly old dowager Countess, is delighted to make love to pretty Gwendolyn. With that as a premise, the story moves along at express speed, and works up to a climax of great power.

Today is the last showing of "The Man Who Came Back." George O'Brien and Dorothy MacKail have the leading roles in the picture. A story of a young New Yorker, who goes the pace that kills and rises again due to the influence of a woman's love.

Sunday School Class to Meet.

Susannah Wesley class of the Methodist Sunday school will meet Thursday afternoon with Mrs. E. C. Christian.

Be sure and bring your baby to the Baby Show on North Main, May 6-9, every afternoon at 3:30 o'clock. For particulars telephone Mrs. H. L. Perline 559.

Mrs. G. S. Upshaw of Tolbert is recovering from an operation performed last week at a local sanitarium.

"Thief of Bagdad" Is Brought Here By Boy Scouts

The Boy Scouts are bringing to Vernon Wednesday and Thursday one of the really great attractions of movie land, "The Thief of Bagdad," with the great actor, Douglas Fairbanks as the star of the play. This is said to be the greatest spectacular play ever staged and with the leading actor of the day, promises to be played to a full house. The Scouts are bringing the picture here to help defray expenses to their encampment next month at Craterville park.

In this play, Douglas takes the part of a mystic Robin Hood transferred to the Orient. A tale of the Arabian Nights. Here he rights wrongs as he did with the merry men of Sherwood forest, only it is all done by magic. To this art he resorts to summon large armies with which he vanquishes legions. Aided by this, he rides in the clouds upon a fiery wooden steed. As a final scene of the great play, he captures the love of a fair maid and with her by his side on a magic carpet flies high above the glistening spires of Eastern cities, to the land of happiness.

What you ought to know about asphalt

This is the most interesting booklet on asphalt ever written — you may have a copy free for the mere asking.

Before you do any painting, by all means read this booklet. It will save you some money and insure you a better job.

Valdura Asphalt Paint is one of the best things we sell. Our policy is to handle only the better class materials in every line, and that is why we sell Valdura.

Valdura is a preservative paint so good that we are certain you will find it better than any other paint of the kind you ever used.

VALDURA Asphalt Paint (Genuine 99.5% Pure)

is made from Gilsonite natural asphalt — the best asphalt known. There is no coal tar, resin or artificial asphalt in it. Valdura has had the test of time, and you will be just as well pleased with it as are thousands of other users.

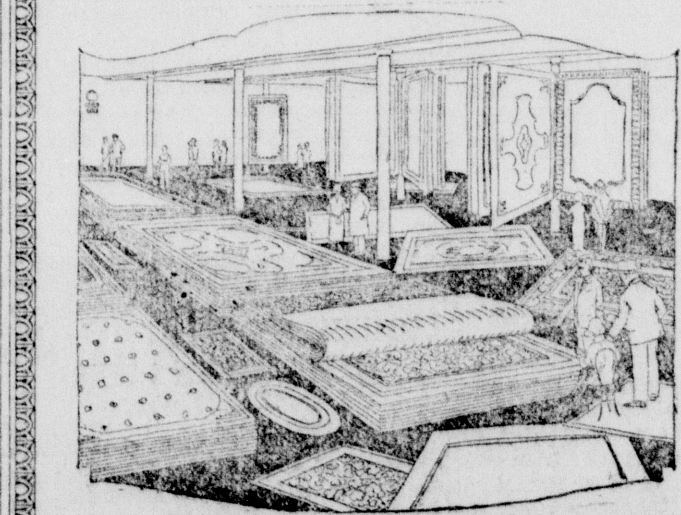

Valdura is not only a perfect protective paint, but it is absolutely waterproof, so it lasts longer and is most economical to use. It is made in Black, Red, Brown and Green, giving particularly good satisfaction on roofs, tanks, bridges, farm machinery, fencing, etc. Valdura can be used anywhere and on almost any kind of surface. Furnished in convenient sized containers; all ready for use; is very easy to apply.

NEEDED ROAD IMPROVEMENTS

One of the best movements that could be started for Vernon is the pavement of the road leading to the oil field and the pavement of Lee highway west to the Ford County line. There has been some agitation for this project in both Vernon and among the farmers living in the territory west of Vernon. As the oil field development continues traffic south of the city will increase, and there are indications that the developments will continue west, extending into Ford County. There are already a number of wildcat wells in this country west of the present proven pool and preparations are being made to drill a number of wells in Ford County. If this development continues Vernon will need improved roads in order that this city may be made the center of the oil business for the two counties.

But if the oil field does not extend greatly beyond its present limits on the west, there is need for paying Lee highway west to the county line because there is no more densely settled section and no more productive land to be found in all this section of the State than between Vernon and the Rayland and Thalia county.

One reason that Wichita Falls continues to be the headquarters for the oil business in this section is because good roads have been built from that city toward every one of the important fields. If an oil field is opened in Ford County Vernon can capitalize on the development and become headquarters for operations by building a first class road west to the county line.

It is to be hoped that public-spirited citizens will push this project to early completion. A road to the south field and one west to the county line mean much to Vernon.

MR. FERGUSON'S ALARM

Down at Houston the other day, former Governor James E. Ferguson made a speech before the annual convention of the United States Good Roads Association, an organization which has dedicated its efforts to the promotion of a system of connected highways. Mr. Ferguson delivered himself with customary vigor and frankness, that is, he took advantage of the forum provided by the Association to say that the time for the issuance of bonds and the buying of automobiles on credit had passed and that the agitation for highways was propaganda from automobile manufacturing concerns.

Mr. Ferguson also stated that what he favored was not highways, but roads that "lead from the farm to market and mill."

All this sounds well to the ears of those incapable of logical thought. But his recommendations will hardly stand dispassionate analysis. Of course, it is possible for a community to overburden itself with bond issues and it is likewise possible for money derived from the issuance and sale of bonds to be wasted under incompetent administration, but to say the time has come to quit issuing bonds is to argue against the growth and development of the country. Suppose, for instance, the people of Vernon last year had been called upon to pay at one stroke for the splendid high school building erected. Or suppose, we had been required to pay for our improved roads, streets, courthouse, jail, waterworks system, sewerage system and other improvements at the time these improvements were made?

The people who happened to be living here at the time the improvements were made would have paid all the bill, leaving to future residents the privilege of using without paying. Paying for public improvements by bond issue distributes the burden over a long period of years and places a share of it upon those who move into a community after the improvements are made.

Mr. Ferguson's proposal in this respect is the rankest sort of nonsense, and he is too intelligent a man to sincerely believe in the policy which he advocates. Suppose

business men and farmers adopted the pay-as-you-go policy. Few farms would be bought and few business enterprises would be launched for the simple reason that few have sufficient capital to pay for these things at the time of purchase. If a farmer had a sufficient amount of money to buy a good farm, he wouldn't need the farm. If a business man had a sufficient amount of capital to buy a stock and erect a building, there would be no occasion for him to undertake the hazards and worry of running a business. We know beyond doubt that Mr. Ferguson believes in borrowing money, because certain loans of his figured prominently in his impeachment seven years ago. He defended those loans then and has continued to do so. Therefore it does him no injustice to say that he really believes in borrowing money, and issuing bonds is nothing more than just this.

Another of his recommendations with reference to "roads from farm to market and mill" is equally silly. To take his argument at its face value, one would assume that what he refers to as highways serve none but the tourist and no farmer ever goes to market or mill over a highway. The truth of the business is that so-called highways usually connect the most populous rural sections with the towns and railroads. That is exactly what makes them highways. Connecting up these roads into a state system of highways gives the farmer the widest possible range of opportunity for marketing his produce. With highways constructed from town to town the farmer who brings his produce to Vernon and the buyers do not offer fair prices, it is only a matter of a few minutes drive to Electric or Chillicothe. Connected roads lead from the farm to market and mill, and if Mr. Ferguson imagines the farmers do not know this he is possessed of a duller appreciation of the intelligence of the people than he has been credited with.

Does Your Back Ache?

Bad Backs Bring Suffering to Many Vernon Folks.

Is that dull, constant backache making you old and miserable? Does your back throb and ache until it seems you just can't keep going? Do you suffer headaches, dizzy spells and urinary disorders; feel weak, tired and worn-out? Then look to your kidneys. Delay may mean serious kidney sickness! Use Doan's Pills—a stimulant diuretic to the kidneys. Doan's are recommended by Vernon folks.

B. W. Wood, farmer, Vernon, says: "A mean, dull ache in my back annoyed me greatly. If I happened to stoop, such sharp, cutting pains took me, I could hardly straighten again. My kidneys acted irregularly, too and the secretions passed too often. Nights this condition broke my rest, as I had to get up many times. Doan's Pills, from the Ferguson Drug Co., rid me of the backache and made my kidneys act regularly. Doan's have never failed to cure me of an attack."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Wood had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Frequent Bilious Attacks

"I suffered with severe bilious attacks that came on two or three times each month," says Mr. J. P. Nevins, of Lawrenceburg, Ky. "I would get nauseated. I would have dizziness and couldn't work. I would take pills until I was worn-out with them. I didn't seem to get relief."

"A neighbor told me of

and I began its use. I never have found so much relief as it gave me. I would not be without it. It seemed to cleanse my whole system and made me feel like new. I would take a few doses—get rid of the bile and have my usual clear head, feel full of pep, and could do twice the work."

Bilious attacks are "seasonal" with many people. Millions have taken Theodore's Black-Draught to ward off such attacks, and the good results they have reported should induce you to try it.

HIGH THIRD IN BI-STATE MEET

LOCAL LADS WIN HONORS AT OKLAHOMA RELAY CAR- NIVAL SATURDAY.

After making a long, cross-country trip over rough, muddy roads Friday, Vernon High athletes took third honors among competing schools of two states at the Oklahoma relay carnival held at Norman last Saturday. Vernon amassed 13 1-2 points, being led by Cleburne and Henryetta, Okla., with 23 4-5 and 14 4-5 points respectively. A number of records were shattered during the contests.

Ransom Walker glenned the only first place awarded the local school when he led the field in the 220-yard low hurdles. The Vernon relay team composed of Pigg, Crouch, Walker, and Burrows, took second place in the medley relay, forcing Cleburne to break the record in order to win. In the mile relay, Vernon took third honors.

Only a few custom tailors in this land
can make clothes like these

HART SCHAFFNER & MARX
BENCH MADE SUITS

THE custom tailors get \$75 to \$100 for such clothes, too—and they're worth it. Our prices are \$35 to \$50.

Resident buyers in the great weaving centers of Great Britain send in the wools; master tailors do the sewing; the style authorities of London, New York and Chicago do the designing.

You can see these clothes on you before you buy,
save weeks of time and quite a nice stack of dollars here now.

What the Neighbors Are Doing

Old Grandma Randall says that she "remembers when house flies were free to come and go just as they pleased for then there were no windows screened." She used to stand at dinner time and shoo the flies off with a wand made up of feathers from the bird they call the peacock, perhaps you've heard. The flies got in the baby's milk and made the infant awful sick and doctors say the germs they bring caused lots of persons to die young. "In her young days," old grandma says, "If they'd been screens like Long-Bell has, they'd gladly paid five times as much as we are charging now for such." Our screens are strong and handsome too—May we set aside a few for you?

Help Children By Guarding Own Language

Wilton W. Cook, teacher of English in the local high school, has the following to say about Good English Week, which is being observed nationally, next week.

"The English teachers of our schools have felt disturbed for a number of years about the inaccurate English of the high school students. Many vigorous efforts have been made individually to eradicate flagrant errors, and good results have attended these efforts; but still we have the unpleasant experience of holding a conversation with a boy or girl shortly after his or her graduation from high school in which such expressions as 'I have saw,' 'You was,' and 'I ain't' are so evident that we turn away humiliated. Realizing that the fault is a national one, that as a people Americans rather the mother-tongue, we know that our efforts must be of larger proportions if we expect to secure lasting results—that we must develop a desire to speak correctly and a feeling of pride in the most beautiful language in the world. In view of these facts, we conceived,

a short time ago, the idea of a Good-English-Week.

Pupils often say that they did not know they were making mistakes simply because they were not corrected. It is for us to see that the very best English is spoken by our boys and girls. It is, and should be the duty of every teacher and parent of our city to make Good-English-Week successful and profitable. Education was once considered a luxury, but now it is a necessity. To be able to speak correctly is a mark of intelligence, and the men and women of this town and state should guard against any common error in speech.

Help the department of English by guarding your own English and encouraging the child to guard his.

TO OBSERVE MOTHERS' DAY NEXT SUNDAY

Mother's Day will be observed at the Methodist church next Sunday, according to Rev. C. A. Bickley, pastor. The second Sunday in May is nationally observed as Mother's Day, but on account of commencement exercises being held in the Methodist church on that Sunday, and believing that the day should not go by without being observed, the date has been moved up. A program is being arranged and will appear in the next paper.

144 ADDITIONS DURING REVIVAL

BAPTIST MEETING CLOSED SUNDAY NIGHT AFTER TWO WEEKS DURATION.

The revival meeting which had been in progress at the First Baptist Church, under the leadership of the Rev. Arthur Fox of Mayfield, Ky., was brought to a close with the services Sunday night. The intensive program planned for the last day of the meeting was seriously interfered with by the storm which came up about the hour for the mass meeting in the tabernacle Sunday afternoon and continued through the time for the evening service.

Several hundred attended the night service, however, which was held in the church building. It was found necessary to abandon the afternoon service entirely.

At the night service the congregation voted unanimously to invite Rev. Fox to hold the revival here next year. He did not make a definite answer, but added that he would come if the congregation would complete the new church building by that time.

There were 144 additions to the church during the meeting, of this number 77 were received by baptism on profession of faith. This is the most successful meeting in the history of the church. It is declared.

Incidentally the last service of the meeting brought to a close the first year of the pastorate of Rev. E. F. Lyon. During the year the church membership has been increased 282 and a church building to cost approximately \$100,000 has been projected. A considerable portion of the fund to erect the new building has been raised and an architect is now preparing detailed plans and specifications. Actual construction work may be started within the near future.

Rev. Fox left yesterday for his home in Mayfield, Ky.

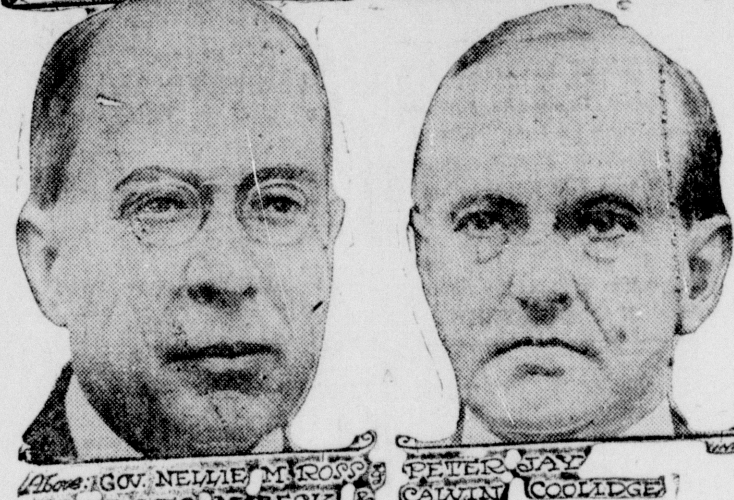

LOCAL NINE TO CLOSE SEASON HERE FRIDAY

The Vernon High school nine will close the season here Friday afternoon with Childrens. Indications are that the last game of the season will be one of the hottest of the year.

Gov. Nellie T. Ross, Peter Jay, and others.

The mysterious guard maintained for several days around the Cheyenne, Wyo., mansion of Governor Nellie T. Ross, by the State Law Enforcement Commissioner, has been just as mysteriously removed. United States Minister Peter Jay, at Bucharest, has pressed the Rumanian Government to open debt funding negotiations with the American Government, to which it owes about \$45,000,000 in principal and interest. If the President must wait for the "advice and consent" of the Senate before removing from office men who no longer have his confidence, a "to let" sign might as well be hung on the White House, Solicitor-General James M. Beck told the United States Supreme Court, in arguing on the dismissal of Frank S. Myers, former Postmaster at Portland, Ore., removed by President Wilson. Plans to close the noonday crowds that are allowed to shake hands with President Coolidge, went by the board when the President declared he "think it an ordeal, but, on the other hand, like."

BOY SCOUT BAND TO GIVE CONCERT TONIGHT

The Boy Scouts' thirty-piece band will give a concert on the court house lawn this evening at 8 o'clock. This is the third concert the organization has given this year, and the former concerts have won favorable comment. The band is steadily improving under the direction of their leader W. E. Shepherd.

Notice of Hearing to Appropriate Public Waters of the State of Texas—No. 903.

Notice is hereby given, to whom concerned, that the Humble Oil and Refining Company, the postoffice address of which is Houston, Texas, did on the 26th day of March, A. D. 1925, file a petition in the office of the Board of Water Engineers for the State of Texas, in which it applies for a permit to appropriate of the unappropriated waters of the State, from the Paradise Creek, a tributary of the Red River, in Wilbarger County, Texas, for mining purposes, not to exceed two hundred fifty (250) acre-feet per annum, to be diverted by means of a pumping plant, said pumping plant to be located at a point which bears North 48 degrees 11 minutes West 3065.5 feet from the Southeast corner of the H. & T. C. R. R. block 14, Survey No. 87, on the East bank of the Paradise Creek, in Wilbarger County, Texas, and is distant in a Southwesterly direction from Vernon, Texas, 4.73 miles.

You are hereby further notified that the said Humble Oil and Refining Company proposes to install a pumping plant, to consist of one 3 T. & S. 24" V-80 pump, operated by a 25 H. P. Fairbanks Morse Engine, having a height of lift of sixty feet, and to divert therefrom to the office of the Board of Water Engineers for the State of Texas, on Monday, May 25th, A. D. 1925, beginning at ten o'clock A. M. at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board, at Austin, Texas, this 1st day of April, A. D. 1925.

J. M. MORRIS, Board of Water Engineers.

A. W. McDONALD, Secretary.

Attest: A. W. McDONALD, Secretary.

A Monthly "Charge Account" is a Courtesy Extended to You---By the Merchants

You Owe It To Yourself to Pay Your Bills Promptly

SO MANY FOLKS get the wrong idea about a "charge account."

They seem to think that the "charge" privilege extends to them a special dispensation, to do about as they please in regard to paying for merchandise bought.

They FORGET that the merchant EXTENDS TO THEM the courtesy of a charge account:

—That he has enough faith in them to TRUST them with HIS merchandise for from one to 30 days:

—That he agrees to WAIT for his money for several days, just to make it more convenient for the customer:

—That the merchant has neither his merchandise nor his money during the credit period, and that the CUSTOMER has BOTH:

They forget, too—that it costs money to keep Book Records, to mail statements, and still more money to maintain a COLLECTION Department to check up the careless or tardy Payers.

Don't YOU think that the CUSTOMER should be doubly careful about living up to HIS end of the contract?

When a merchant extends to his customer the COURTESY of a monthly charge account—it is understood or should be, by both parties, that goods bought during any calendar month are TO BE PAID for between the FIRST and the TENTH of the FOLLOWING month.

Not PARTLY pay for, mind you, but PAID FOR IN FULL.

Don't get the "UNPAID BALANCE" habit. It grows!

And it soon reflects to YOUR DISCREDIT.

Form the HABIT OF PAYING YOUR BILLS—PROMPTLY.

You owe it to YOURSELF, and you owe it to the merchant who has "trusted" you with HIS merchandise.

Don't get the idea that you are doing the merchant a special kindness by DELAYING PAYMENT or even by PAYING up your ENTIRE account, WHEN DUE.

You are simply keeping your part of the agreement and demonstrating your RIGHT to the "charge" privilege.

VERNON CLUBS CROWELL 8-1

BOURLAND HOLDS VISITORS TO FIVE SCATTERED HITS AND ONE WALK.

With Bourland pitching air-tight baseball, the Vernon Lions won their second game with Crowell by an 8-1 count at Fair Park Friday afternoon. The southpaw was in his best form of the season, holding the visitors to five scattered hits, and walking only one man in the seven innings played.

Bourland kept the visitor's slate clean until the sixth when two hits followed by a walk and another hit gave them a score. Then with no outs and three men on bases, the southpaw rose to the occasion, and struck out the next two men, and the third was an easy infield out.

R. Scott took batting honors for the Lions, gleaming three of the seven hits which were credited to his team, one of which was a two-bagger. Goehausen was next in batting honors with two safeties. Roy Key took scoring honors with two counters for his team. Key evidently had something on the Crowell pitcher as he received three walks out of four trips to the plate.

RED TOP COLUMBIAN GRAIN BIN

35% lower grain bin prices this year. Invention by our engineers of an automatic machine makes this possible. It takes flat steel sheets in at one end and turns them out at the other, accurately punched, flanged, corrugated and formed—ready to bolt together into sturdy Red Top Bins. It forms a 34 gauge, triple joint, corrugated bin wall that is better than a plain 20 gauge, by just wall. Red Top bins are of the same triple joint, corrugated construction, except 21 gauge walls, as famous Columbian Style "A" bins of water-tight, galvanized steel. Galvanized steel has heavy coat of red metal preservative paint baked on under intense heat. Fully equipped—everything furnished except 21 gauge steel. Strong, light and the Red Top bin.
